¹The premium bonus and interest bonus are credited only to the Protected Income Value (PIV). To receive the PIV, including the value of these bonuses, the contract must be held for at least 10 contract years and then lifetime withdrawals must be taken between the ages of 60 and 100. The PIV is not available as a lump sum. Clients will not receive these bonuses if the contract is fully withdrawn or if traditional annuity payments are taken. If the client takes any type of withdrawal the PIV will be reduced proportionally. Withdrawals are subject to ordinary income tax and, if taken prior to age 59½, a 10% federal additional tax. Bonus annuities may include higher withdrawal charges, longer withdrawal charge periods, lower rates, or other restrictions that are not included in similar annuities that do not offer a bonus feature.

²Increasing income potential is provided through a built-in rider at no additional cost.

³While principal and credited interest are protected from market downturns, fees or other charges may reduce the contract value.
