INTEGRATION & ENABLEMENT

Platform integration made simple

Powered by Allianz

At Allianz, we are committed to continuous growth and innovation, delivering not just industry-leading products but also solutions that simplify the way you do business. Our B2B API capabilities are designed to seamlessly integrate with your platform, providing secure, real-time access to essential Allianz Life data. From policy and account details to product rates, financial professional insights, and account statements, our APIs serve as a trusted gateway to the information you need. Explore our offerings below.

With our cutting-edge, fully supported API offerings, YOU CAN:

Create **customized solutions**

Leverage **real-time Allianz® data**

Reimagine and reshape your **partner interactions**

Integrate efficiently with the **expanding fintech ecosystem**

Build and deploy your solutions faster with **time-saving integrations**

Stay secure with standardized authentication and authorization flows

Connect with **dedicated community support** for onboarding and integration activities

Consume and parse JSON-formatted payloads with **comprehensive static and interactive documentation**

→ **SHARE YOUR EXPERIENCE.** Partner feedback has helped define our current APIs. To help shape future API designs, share your use cases with your Allianz® representative.
